

REMARKS

The present application has been amended in response to the Examiner's Office Action to place the application in condition for allowance. Applicant, by the amendments presented above, has made a concerted effort to present claims which clearly define over the prior art of record, and thus to place this case in condition for allowance.

Abstract

In the Office Action, the Examiner objected to the abstract of the disclosure for containing legal phraseology. Applicant submits that the abstract does not contain legal phraseology, however, Applicant has amended the abstract to delete the reference numerals in accordance with United States practice. In accordance with the rules, a replacement abstract is included on a separate sheet attached hereto.

Drawings

In the Office Action, the Examiner objected Figure 25 due to a typographical error. Figure 25 has been amended in accordance with the Examiner's suggestion. In accordance with the rules, submitted herewith is a replacement drawing sheet labeled "Replacement Sheet" in the top margin.

Specification

In the Office Action, the Examiner objected to the specification for not having headings. In response, headings have been added.

Claims

In the Office Action, the Examiner requested that non-elected claims 70-82 be cancelled. Accordingly, Applicant has cancelled claims 70-82. Applicant expressly reserves the right to file a divisional application to cover said claims.

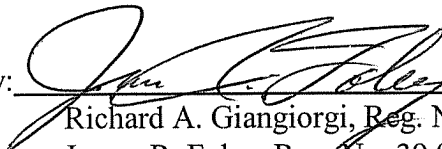

In the Office Action, the Examiner objected to several claims as being indefinite. The claims have been amended in accordance with the Examiner's suggestions.

Applicant, by the amendments presented above, has made a concerted effort to present claims which clearly define over the prior art of record, and thus to place this case in condition for allowance.

In view of the above amendments and remarks, Applicant respectfully submits that the claims of the application are allowable over the rejections of the Examiner. Should the present claims not be deemed adequate to effectively define the patentable subject matter, the Examiner is respectfully urged to call the undersigned attorney of record to discuss the claims in an effort to reach an agreement toward allowance of the present application.

Respectfully submitted,
